

# MedTech22 Annual Conference

The industry event for MedTech professionals

## Day One – Thursday, 6<sup>th</sup> October 2022

07:45	Registration Opens (Dockside Balcony)	
08:00-09:00	Networking Breakfast (Exhibition Area)	
09:00-09:25	Welcome (Dockside)	
09:00-09:05	Welcome to Country, Metropolitan Local Aboriginal Land Council	
09:05-09:15	Opening Address from Assistant Minister Kearney	
09:15-09:20	Welcome from Anne O'Neill, Director, Enterprise, International Partnerships and Clinical Trials of NSW Health	
09:20-09:25	Welcome from Ian Burgess, MTAA CEO	
09:25-09:55	Session One – Keynote (Dockside Room)	
30mins	Opening Keynote Dr Jordan Nguyen: Post-Covid Futurist View with a focus on MedTech	
09:55-11:20	Session Two – Panel (Dockside Room)	
80mins	<p><b>Leadership Panel – Impact, Innovation, and Insights to inform a post-COVID-19 future</b></p> <p>COVID-19 has transformed the healthcare sector and revitalised discussions about its role in Australian society. Increasingly there have been questions about funding models, burnout, and the sustainability of the existing health system. This session brings together a broad range of panellists to discuss learnings from the pandemic, what lasting impacts it will have on our sector, the opportunities for innovation and share insights into how the industry can shape its future.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Facilitator – Dr Jordan Nguyen</b>, Founder and CEO, Psykinetic</li> <li>• <b>Ian Burgess</b>, CEO, MTAA</li> <li>• <b>Carmel Monaghan</b>, CEO, Ramsay Healthcare</li> <li>• <b>Dr Teresa Anderson AM</b>, Chief Executive, Sydney Local Health District</li> <li>• <b>Marc Radatt</b>, Chief Executive Officer – APAC, Olympus</li> <li>• <b>Dr Robert Grenfell</b>, Chief Strategy &amp; Regions Officer, Executive, Grampians Health</li> </ul>	
11:25-11:45	Morning Tea (Exhibition Area)	

# MedTech22 Annual Conference

The industry event for MedTech professionals

<b>11:45-12:30</b>	<b>Session Three – Panel (Dockside Room)</b>	
45mins	<p><b>Interoperability Between the Current Systems in Healthcare</b> Discussion on the current healthcare systems and where interoperability between existing systems can improve how healthcare is delivered, especially with patients. Panellists will discuss the importance of data sharing, accountability and responsibility, and the ethical and technological challenges industry may face.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Stephanie Owen</b>, Customer Success Account Executive   Account COO, Microsoft Health</li> <li>• <b>Lyn Davies</b>, Managing Director, MAICD, Tunstall Australasia Pty Ltd</li> <li>• <b>David Hansen</b>, CEO and Research Director, Australian eHealth Research Centre, CSIRO</li> <li>• <b>Dr Silvia Pfeiffer</b>, CEO, COVIU Video Consultations</li> </ul>	
<b>12:30-13:15</b>	<b>Session Four – Interview (Dockside Room)</b>	
45mins	<p><b>Beyond Regulation: The Drivers and Challenges for TGA</b> John Jamieson will uncover the factors that drive TGA’s decision-making beyond typical medical device regulation. As we look under the surface, we will dive into TGA’s challenges of providing access to quality therapeutic goods in a timely manner while adapting to evolving and new scenarios, the careful management of risk to an acceptable level, and other considerations that support their decisions.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Jasjit Baveja</b>, Associate Director, Policy, Ph.D., MTAA</li> <li>• <b>John Jamieson</b>, Assistant Secretary, Medical Devices Authorisation Branch, Department of Health and Aged Care, TGA</li> </ul>	
<b>13:15-14:15</b>	<b>Lunch (Exhibition Area)</b>	

14:15-14:50	Session Five – Presentation (Dockside Room)	
35mins	<p><b>Challenges and Lessons from Direct Experience Integrating and Using Medical Devices</b></p> <p>Sydney Local Health District is at the forefront of MedTech research and innovation and utilises a huge array of medical devices. Increasingly these require complex integration with clinical systems and cloud infrastructure. The response to the COVID-19 pandemic saw rapid expansion in use of devices for remote monitoring, quarantine hotels, surveillance testing, and communication. This trend has continued with the scaling of virtual care, outpatients' transformation, and establishment of surgical medihotels, for example.</p> <p>This session will use device case studies to explore challenges and lessons learned from direct experience integrating and using medical devices in frontline health services, relating to the following and more:</p> <ul style="list-style-type: none"> <li>• eMR and PAS integration</li> <li>• Cyber security assurance</li> <li>• Procurement and contracting for devices with bundled software</li> <li>• Device logistics</li> <li>• Implementation of software as a medical device</li> <li>• Assurance of remote monitoring data quality</li> <li>• Digital design and usability</li> <li>• Codesign of novel virtual models of care which rely on digital technologies and devices</li> <li>• BYOD enablement for patients</li> </ul> <p>Members will gain an understanding of the challenges faced by public health service clients putting MedTech into use, and steps they can take to potentially make it easier.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Mitch Burger</b>, Director Strategy Architecture Innovation &amp; Research, Sydney Local Health District</li> <li>• <b>Olivia King</b>, Deputy Chief Nursing and Midwifery Information Officer, Sydney Local Health District</li> </ul>	

# MedTech22 Annual Conference

The industry event for MedTech professionals

<b>14:50-15:45</b>	<b>Session Six – Panel (Dockside Room)</b>	
55mins	<p><b>MDR impacts on clinical studies in Australia</b> Impacts of MDR requirements on clinical studies in terms of the volume and nature of studies.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Neina Fahey</b>, Code of Practice and Project Manager, MTAA</li> <li>• <b>Heyam Kalla</b>, Associate Director, Team Lead Medical Devices / IVD, Pharmalex</li> <li>• <b>Berneen Gardiner</b>, Director of Clinical Affairs, APAC, Cook Medical</li> <li>• <b>Deborah Bell</b>, Executive Director, Business Development (AUS), Avania Clinical</li> </ul> <p><b>One Stop Shop:</b></p> <ul style="list-style-type: none"> <li>• <b>Bernadette Aliprandi-Costa</b>, Manager, Safety and Quality Improvement Systems and Intergovernmental Relations, Australian Commission on Safety and Quality in Health Care</li> </ul>	
<b>15:45-16:05</b>	<b>Afternoon Tea (Exhibition Area)</b>	
<b>16:05-16:50</b>	<b>Session Seven – Panel (Dockside Room)</b>	
45mins	<p><b>Building a Cyber Community to Protect Healthcare</b> Hear from cyber security experts on the importance of protecting healthcare through a cyber community and why cyber security should be viewed as a benefit rather than just a cost.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Neina Fahey</b>, Code of Practice and Project Manager, MTAA</li> <li>• <b>Libby Day</b>, CEO, Australia Medic Alert Foundation</li> <li>• <b>Paul Davies</b>, Director for Government Affairs, Australia/New Zealand, Abbott</li> <li>• <b>Dr Robert Grenfell</b>, Chief Strategy &amp; Regions Officer, Executive, Grampians Health</li> </ul>	

# MedTech22

## Annual Conference

The industry event for MedTech professionals

<b>16:50-17:35</b>	<b>Session Eight – Panel (Dockside Room)</b>	
45mins	<p><b>Inclusion, Diversity and Equity in Action: Reconciliation Action Plan</b> Inspire and recognise initiatives that have been implemented with practical in-organisation case examples. Why should we consider a reconciliation action plan, the benefits of rolling out a plan, and examples of where it has been successful.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Kate King</b>, Government Affairs and Policy, Medtronic</li> <li>• <b>Joelle Low</b>, Program Manager, Reconciliation Action Plan (RAP) Partner Success, Reconciliation Action Australia</li> <li>• <b>Nathan Daly</b>, Red Dust</li> <li>• <b>Fiona Sheppard</b>, Diversity, Equity &amp; Inclusion Lead, Australia and New Zealand, Johnson &amp; Johnson Medical</li> <li>• <b>Nicole Turner</b>, Chair, Indigenous Allied Health Australia</li> </ul>	
<b>17:35-18:30</b>	<b>Welcome Reception &amp; Networking (Dockside Balcony)</b>	
<b>18:00</b>	<b>Registration for MTAA Awards Night Dinner Opens (Dockside Balcony)</b>	
<b>18:30-23:00</b>	<b>MTAA Awards Night Dinner (Dockside)</b>	

### Day Two – Friday, 7<sup>th</sup> October 2022

08:00	Registration Opens (Dockside Balcony)	
08:45-09:00	Welcome (Dockside Room)	
08:45-09:00	Welcome from MTAA	
09:00-09:45	Session Nine – Panel (Dockside Room)	
45mins	<p><b>How Industry Can Best Engage with Government</b></p> <p>As Australia begins to emerge from the COVID-19 pandemic, the MedTech community faces a dynamic political operating environment that presents both challenges and opportunities. To share their insights on what MedTech companies can expect and how best to engage with Government, MTAA will be hosting a special Political Panel discussion.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Matthew Versi</b>, Director, External Affairs and Communications, MTAA</li> <li>• <b>Dr Mike Frelander MP (ALP)</b>, Chair of Standing Committee on Health, Aged Care and Sport</li> <li>• <b>Melissa McIntosh (LIB)</b>, Deputy Chair of Standing Committee on Health, Aged Care and Sport</li> </ul>	
09:00-09:45	Session Ten – Panel (Terrace Room)	
45mins	<p><b>Environmental, Social and Governance (ESG): The Coming Wave of Sustainability Requirements</b></p> <p>Environmental, Social and Governance (ESG) is an increasingly important area that is impacting government and industries globally. As Australian members operating in the medical technology sector, it is important to reflect and have a more open conversation about ways industry can pro-actively embrace ESG/sustainability principles and avoid having requirements imposed, especially if unprepared. This session will examine the rising ESG/sustainability requirements witnessed abroad, the increased ESG/sustainability requirements occurring locally, and the work that is progressing corporate responsibility.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Gordon Stenning</b>, Honorary Life Member, MTAA</li> <li>• <b>Ingrid Segovia</b>, Program Manager – Sustainability, Asset &amp; Project Advisory, Health Infrastructure (NSW Health)</li> <li>• <b>Brent Carlisle</b>, Chief Marketing Officer, 180 Waste Group</li> <li>• <b>Addie Macgregor (via recording)</b>, Sustainability Executive, Association of British HealthTech Industries (ABHI)</li> </ul>	

# MedTech22 Annual Conference

The industry event for MedTech professionals

09:45-10:30	Session Eleven – Presentation & Panel (Dockside Room)	
45mins	<p><b>Prostheses List with the Department of Health – Legislating the Prostheses List Reforms</b></p> <p>The Australian Government intends to introduce legislation to embed the Prostheses List reforms in a legal and regulatory framework. This will set the definitive guardrails for all PL policy and administration. The Department of Health has released a consultation paper and proposes to release an exposure draft covering issues including the scope and criteria of the PL, application requirements, compliance, removals and cost recovery. The Department will provide a short overview of the proposals and the expert panel will discuss implications and potential issues with the legislation.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Penny Parrish</b>, Director, Prostheses List Reform Taskforce, Technology Assessment &amp; Access Division, Health Resourcing Group, Australian Government Department of Health</li> <li>• <b>Moderator – Michael Simmonds</b>, Director ANZ, Health Economics &amp; Government Affairs, Boston Scientific</li> </ul> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Ben Harris</b>, Director Policy and Research at Private Healthcare Australia</li> <li>• <b>Jo Root</b>, Policy Director, Consumers Health Forum of Australia</li> <li>• <b>Dean Breckenridge</b>, Chief Policy Officer, Ramsay Health Care</li> </ul>	
09:45-10:30	Session Twelve – Panel (Terrace Room)	
45mins	<p><b>Post-COVID Talent Opportunity for MedTech</b></p> <p>Is there an opportunity for MedTech amongst the ‘Great Resignation’? Understanding the next generation of talent and attracting talent to our sector with a focus on STEM as one avenue.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator and Researcher – Susan Redden Makatoa</b>, Edelman ‘The Trust Barometer’ Research</li> <li>• <b>Kelsie Dadd</b>, Program Director, Curious Minds</li> <li>• <b>Elizabeth Pettit</b>, Director, Pettit Pharma &amp; Device Search (PPD Search)</li> <li>• <b>Edith de Boer</b>, Director, Human Resources – Australia/New Zealand, Zimmer Biomet</li> </ul>	

10:30-10:45	Morning Tea (Exhibition Area)	
10:45-11:30	Session Thirteen – Presentation & Panel (Dockside Room)	
45mins	<p><b>Prostheses List with the Department of Health – Reforms to the Prostheses List Pathway</b></p> <p>Essential to the success of the PL is enabling early access to devices that deliver value. The Department has recently released a new consultation paper that reviews the process of listing new devices on the PL. This includes which pathways are suitable for different types of applications and appropriate evidence levels that reflect the unique nature of devices. The Department will provide a short overview of the proposals and the expert panel will discuss implications and potential issues with the proposals.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Penny Parrish</b>, Director, Prostheses List Reform Taskforce, Technology Assessment &amp; Access Division, Health Resourcing Group, Australian Government Department of Health</li> <li>• <b>Moderator – Kristy Hardy</b>, Market Access and Reimbursement Manager, LifeHealthcare</li> </ul> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Ben Harris</b>, Director Policy and Research at Private Healthcare Australia</li> <li>• <b>Michelle Costa</b>, Executive, Director Health Economics Market Access, Johnson &amp; Johnson ANZ</li> <li>• <b>Stephen Mason</b>, CEO, Australian Patients Association</li> </ul>	

10:45-11:30	Session Fourteen – Panel (Terrace Room)	
45mins	<p><b>Thinking Local: Engaging with the Local Research, Innovation and Product Development Ecosystem</b></p> <p>Australia’s Commonwealth and State Governments are investing significant resources in creating medical device product development and manufacturing ecosystems, as evidenced by the creation of health innovation precincts promoting clinical and research collaboration. University and medical research institutions are coming under increasing pressure to commercialise their intellectual property to offset falls in traditional grant funding sources. At the same time, there is a growing awareness among global medical device companies of connected health and material sciences related innovations outside their core pipelines, leading to an appreciation of decentralised approaches to research commercialisation and product development. Head office is no longer the sole source of potential new medical device concepts.</p> <p>This session explores opportunities for global medical technology business seeking to extend their Australian presence beyond sales and distribution toward deeper engagement with the local innovation ecosystem. It will also celebrate the success of mid-sized Australian businesses and highlight local prototyping and manufacturing capabilities.</p> <p>Panellists:</p> <ul style="list-style-type: none"> <li>• <b>Moderator – Stuart Anderson</b>, CTCM Program Manager, MTAA</li> <li>• <b>George Sidis</b>, MD, IDE Group</li> <li>• <b>Lisa Dubé</b>, COO, MTPConnect</li> <li>• <b>Jack Lancaster</b>, CEO, Evolution Surgical</li> <li>• <b>Jane Fitzpatrick</b>, CEO, The Australian National Fabrication Facility (ANFF)</li> </ul>	

11:30 -12:15	Session Fifteen – Presentation & Panel (Dockside Room)	
45mins	<p><b>Prostheses List Evaluation Framework: How do we know the reforms are succeeding?</b></p> <p>It is important to understand whether the very significant PL reforms now underway are having the intended effect. The Department has proposed and consulted on an Evaluation Framework and engaged stakeholders as part of an ongoing evaluation process. The Department will provide a short overview of the Evaluation Framework and the expert panel will discuss the key metrics and the approach to assessing these.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Penny Parrish</b>, Director, Prostheses List Reform Taskforce, Technology Assessment &amp; Access Division, Health Resourcing Group, Australian Government Department of Health</li> <li>• <b>Moderator – Paul Dale</b>, Director of Policy, MTA</li> </ul> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Ben Harris</b>, Director Policy and Research at Private Healthcare Australia</li> <li>• <b>Jo Root</b>, Policy Director, Consumers Health Forum of Australia</li> <li>• <b>Dean Breckenridge</b>, National Manager, Revenue Performance at Ramsay Health Care</li> </ul>	

# MedTech22 Annual Conference

The industry event for MedTech professionals

<b>11:30 -12:15</b>	<b>Session Sixteen – Panel (Terrace Room)</b>	
45mins	<p><b>Real-world Evidence in Medical Device Submissions</b></p> <p>The field of medical devices has never innovated at such a fast rate, but with that comes conflicting incentives: an appetite to streamline new technology introduction, but greater demand for the evidence to validate it. Along with variously defined buzzwords such as AI, Machine Learning, Robotics and Big Data, Real World Evidence (RWE) is a more recent addition. This session will focus on what RWE is, how, why and who it is relevant to, and ways of obtaining and utilising it as a valid tool for streamlined technology approval, introduction, and maintenance. But it will require determined and coordinated efforts from both industry and regulators.</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – George Faithfull</b>, Director, George Faithfull Advisor Medical Device Industry</li> <li>• <b>Dr Yvonne Ho AM</b>, MBBS (MelbU) FRANZCR FAANMS GAICD, Senior Medical Advisor – Devices Clinical Section, TGA</li> <li>• <b>Michelle Bulliard</b>, Vice President, Global Head MedTech, Real World Evidence, IQVIA</li> <li>• <b>Mahesh Datar</b>, Senior Manager Regulatory Affairs, Medtronic</li> </ul>	
<b>12:15-13:15</b>	<b>Lunch (Exhibition Area)</b>	
<b>13:15-14:15</b>	<b>Session Seventeen – Panel (Dockside Room)</b>	
60mins	<p><b>How Private Health Insurance can support Future Models of Care</b></p> <p>Private Health Insurance in Australia going forward</p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Rozalina Sarkezians</b>, Managing Director &amp; Founder, Health Industry Hub</li> <li>• <b>Maurice Ben-Mayor</b>, President South Pacific, Stryker</li> <li>• <b>Dr Robert McGrath</b>, Group Chief Medical Officer, nib Group</li> <li>• <b>Lloyd Adams</b>, Executive Manager - South Sydney, Illawarra, Marketing &amp; Business Development, Healthe Care Australia</li> <li>• <b>Stephen Mason</b>, CEO, Australian Patients Association</li> </ul>	

# MedTech22 Annual Conference

The industry event for MedTech professionals

13:15-14:15	Session Eighteen – Presentation (Terrace Room)	
60mins	<p><b>Advertising to Consumers and Healthcare Professionals Safely</b></p> <p>Australia has regulations in place that prohibits businesses from making false, misleading or deceptive claims about their products or service when advertising. However, social media raises many new questions. In this session we look at the basics of advertising to consumers and health care professionals and how businesses can protect their reputation and customers while ensuring marketing and promotional activities are accurate and within advertising guidelines.</p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Jasjit Baveja</b>, Associate Director, Policy, Ph.D., MTAA</li> <li>• <b>Michelle Stewart</b>, General Manager, Marketing and Digital, Device Technologies</li> <li>• <b>Emma Press</b>, Senior Director Ethics and Compliance APAC and Legal and Compliance ANZ, Medtronic</li> <li>• <b>Julie Viatos</b>, Quality Use of Medicines Manager, Consumer Healthcare Products Australia</li> </ul>	
14:15-14:45	Session Nineteen – Presentation (Dockside Room)	
30mins	<p><b>Fresenius Medical Care: Value-Based Procurement in Asia Pacific</b></p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Anbu Srinivasan</b>, Managing Director – SG &amp; ANZ-Products, Fresenius Medical Care</li> <li>• <b>Tansy Michael</b>, Senior Business Manager, PD ANZ and HD NSW/WA/Pacific Islands</li> <li>• <b>Jasjit Baveja</b>, Associate Director, Policy, Ph.D., MTAA</li> </ul>	
14:15-15:00	Session Twenty – Panel (Terrace Room)	
45mins	<p><b>Promoting Sovereign Manufacturing Capability and Supply Chain Resilience for Australian MedTech</b></p> <p><b>Panellists:</b></p> <ul style="list-style-type: none"> <li>• <b>Moderator – Pravin Siriwardena</b>, Policy Manager, MTAA</li> <li>• <b>Jens Goennemann</b>, MD, Advanced Manufacturing Growth Centre (AMGC)</li> <li>• <b>Marcus Wyborn</b>, Group CEO, Smartways</li> <li>• <b>Dimitrije Grasar</b>, Operations Manager, Circuitwise</li> </ul>	

# MedTech22 Annual Conference

The industry event for MedTech professionals

15:00-15:45	Session Twenty-One – Presentation (Dockside Room)	
45mins	<p><b>Patient Stories: The Life-Changing Stories Behind Medical Technology</b></p> <p>Hear from MedTech sales professionals and patients sharing the real-world value of MedTech in the community. An important reminder of how advances in health technology are producing health outcomes to the most vulnerable.</p> <p>Matt Coughlin speaks to his experience at Varian and the advancements that have been made in Cancer Care over the last 10 – 15 years are significant across multiple disciplines. Radiation Oncology is no exception and Cat Fung is an example of a patient who has benefited significantly. Cat’s story is a testament to both her spirit and the progress made in this field.</p> <p>Alanna and Peter Short are a father and daughter duo who will take you on the unique journey that started from a freak accident, all the way through to the trauma technology that saved Peter’s life and made sure he could walk again.</p> <p>Amy Davis shares insights and highlights of her role at Edwards Lifesciences, which then brought her to patient Jeff Pope and his partner Carol. With a life of service and adventure that included keeping INXS safe, Jeff and Carol will share their story on how the Transcatheter Aortic Valve Implantation (TAVI) changed their lives. <i>“It gave us life back as a married couple because she didn’t have to worry as much as she did prior to the TAVI.”</i></p> <p><b>Speakers:</b></p> <ul style="list-style-type: none"> <li>• <b>Matt Coughlin</b>, Head of Sales, ANZ, Varian</li> <li>• <b>Catherine ‘Cat’ Fung</b>, TrueBeam Linear Accelerator “Linac” recipient</li> <li>• <b>Alanna Short</b>, Sales Representative, Stryker</li> <li>• <b>Peter Short</b>, trauma technology recipient</li> <li>• <b>Amy Davis</b>, NSW Territory Manager – Transcatheter Heart Valves, Edwards Lifesciences</li> <li>• <b>Jeff Pope and Carrol Pope</b>, Transcatheter Aortic Valve Implantation (TAVI) recipient and partner</li> </ul>	

# MedTech22

## Annual Conference

The industry event for MedTech professionals

15:00-15:45	<b>Session Twenty-Two – Presentation (Terrace Room)</b>	
45mins	<p><b>Inclusion, Diversity and Equity in Action: Gender and Cultural Voices</b></p> <p>While Australia has come a long way with gender equity over the years, we've still got a long way to go. This session will provide participants with frameworks, strategies and actions to develop a more inclusive and equitable future for their organisations.</p> <p><b>Speaker:</b></p> <ul style="list-style-type: none"> <li>• <b>Dr Janet Smith</b>, Director of Programs, Australian School of Applied Management (ASAM), which sits alongside Women &amp; Leadership Australia (WLA)</li> </ul>	
15:45-17:00	<b>Closing Reception &amp; Networking (Exhibition Area)</b>
